The Free Pro Mini Plan: the essentials of a business mobile plan at a really mini price

Free Pro is adding to its range of mobile plans with the Free Pro Mini Plan – a new offer for businesses that gives their employees the essentials they need to stay connected. With unlimited calls in Metropolitan France and Europe and 10 GB of data, it's built for everyday business use. The Free Pro Mini Plan is available as of today, at a price of €5.99 (excl. VAT) per month¹, and as usual on a no-contract basis. With this new plan, Free Pro is getting straight to the essentials.

A plan designed to meet the essential needs of businesses

With unlimited calls in Metropolitan France and Europe, the Free Pro Mini Plan enables employees to easily stay in contact with their customers, partners and teams. And with a 10 GB allowance that can be used in France and Europe, it gives employees the data they need as well.

A straightforward, no-frills package, the Free Pro Mini Plan covers everyday business needs, offering the essentials without compromising on quality.

¹ €5.99 (excl. VAT) for Freebox Pro customers, otherwise €6.99 (excl. VAT).

Keeping it simple with self-managed mobile lines

Like all of Free Pro's plans, the Free Pro Mini Plan can be administered directly from a customer's online account. So businesses can use their "My Pro account" area to manage their employees' phone lines and carry out key tasks remotely, including assigning lines and immediately activating them through an eSIM.

This centralized system makes it easy for businesses to manage their mobile fleet and adapt their lines as their needs evolve.

A range of mobile plans covering all types of business needs

With the launch of the Free Pro Mini Plan, Free Pro is once again expanding its mobile offering, enabling businesses to build up a full mobile fleet, with plans tailored to the specific needs of each employee. Thanks to solutions that vary from covering essential usage to staying connected during business travel abroad, each line can have a perfect-fit plan.

Free Pro's mobile range now includes three plans:

- the **Free Pro Mini Plan**, for essential business usage, with unlimited calls and 10 GB of data in Metropolitan France;
- the **Free Pro 5G+ Plan**, with 250 GB of data in Metropolitan France;
- the **Free Pro Max Plan**, designed for employees who are on the move the most, with unlimited data in Metropolitan France and in over 135 international destinations¹.

The image displays three mobile plans side-by-side, each represented by a white card with a smartphone icon in the center. The cards are titled 'Mobile Plan' and feature the plan name in bold. Below the phone icon is a circular logo with the plan's name. At the bottom of each card, the price is listed in red, followed by 'excl. VAT' and the conditions of the offer.

Plan Name	Price (excl. VAT)	Conditions
Free Pro Mini	€5.99/month	avec votre Freebox Pro otherwise €6.99 No contract
Free Pro 5G+	€9.99/month	with your Freebox Pro or as from your 6th line otherwise €19.99 No contract
Free Pro Max	€19.99/month	with your Freebox Pro otherwise €29.99 No contract

Commenting on the new plan, **Guillaume de Lavallade, CEO of Free Pro**, said *"Not all employees in a business use their mobile phone in the same way: some just need to make a few local calls, while others are in regular contact with people on the other side of the world and use a lot of data every day. With the Free Pro Mini Plan, our customers have a new, straightforward and fairly-priced deal for their employees who only need to make calls and who use just a few gigabytes of data. It's a key addition to our mobile offering so we can meet all the needs of our customers."*

¹ See freepro.fr for the list of destinations.

Available as of today, on a no-contract basis

The Free Pro Mini Plan is **available as of today for all customers at €6.99 (excl. VAT) a month** as a limited edition.

For **Freebox Pro customers** it's available at a special price of **€5.99 (excl. VAT) a month**.

Customers can get the Freebox Pro Mini Plan:

- online at **freepro.fr**;
- by calling **1043** (France only); or
- through Free Pro's sales teams.

Offer subject to terms and conditions, only available for business purposes in Metropolitan France in areas covered by the network, and subject to the use of a compatible mobile phone. 10 GB of 5G+ data in Metropolitan France. Unlimited calls in Metropolitan France excluding short numbers and special numbers. For non-Freebox Pro customers: €6.99 (excl. VAT)/month. Activation fee: €10 (excl. VAT) per plan. 5G+ (3.5 GHz, 2,100 MHz and 700 MHz) currently in roll-out phase. See freepro.fr for full terms and conditions and mobile network coverage.
