Free Max Plan: Free includes unlimited data in 5 new destinations

Free has added even more to its Free Max Plan (€29.99/month or €19.99/month for Freebox subscribers). As of today, the Plan includes unlimited data in 5 new destinations – Saint Martin (Dutch West Indies), Bonaire, Curaçao, Saba and Sint Eustatias. This means that subscribers can now enjoy unlimited mobile data in more than 140 destinations, without changing their plan or adding any options, and at no extra cost. Free is the only telco in France to include these new destinations in a mobile plan.

The Free Max Plan – more for the same price

In line with our ongoing aim of offering more for the same price, subscribers on the Free Max Plan can now get unlimited data in 5 new destinations:

- Saint Martin (Dutch West Indies)
- Bonaire
- Curaçao
- Saba
- Sint Eustatias

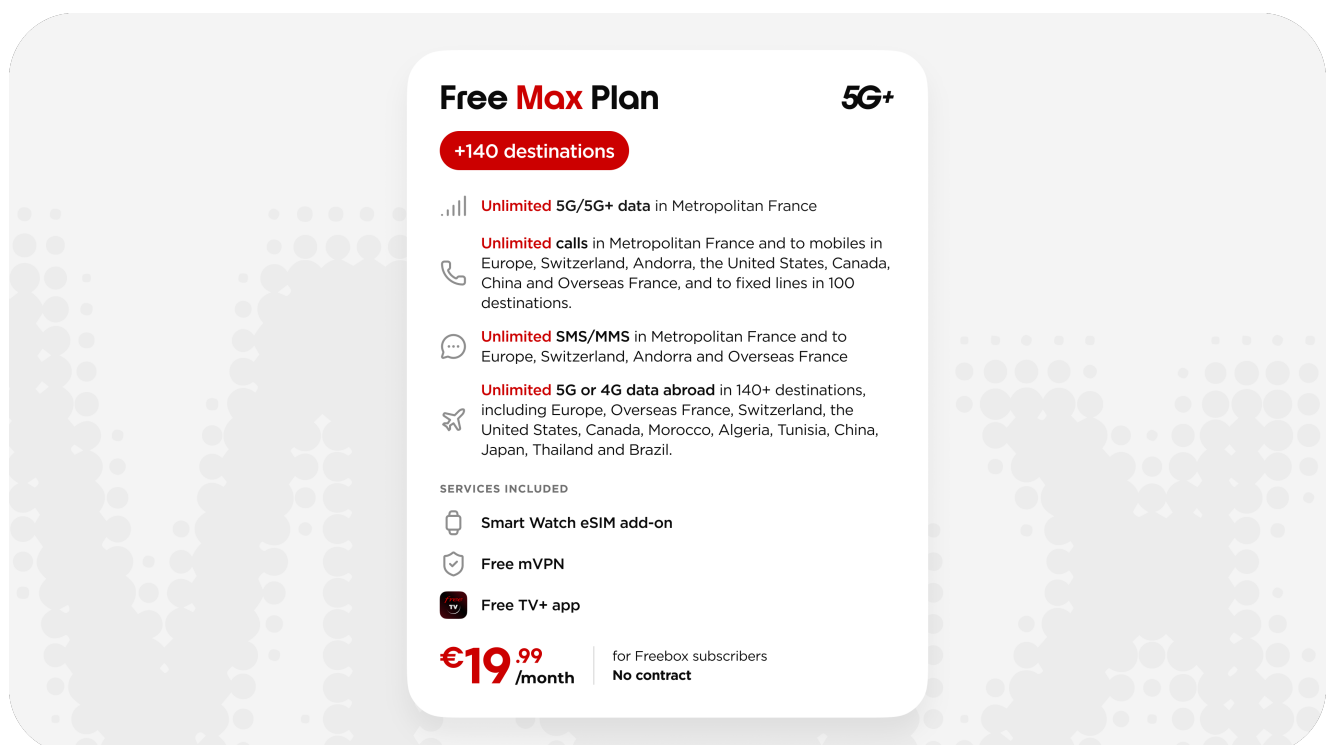

These new destinations are automatically included as of today for all Free Max Plan subscribers (both new and existing) and at no extra cost.

The Free Max Plan – the only plan with unlimited data in France and abroad

Launched in March 2026, the Free Max Plan is the only plan that includes unlimited mobile data both in France and abroad! With these 5 new destinations, subscribers can now use their unlimited mobile data in more than 140 destinations throughout the world.

Traveling has never been easier

With either a physical SIM or an eSIM, subscribers automatically get mobile data in all of the destinations included in the Free Max Plan. They don't have to take out a new plan or buy a prepaid SIM card – they just need to have roaming data switched on when they're abroad.

The image shows a promotional card for the 'Free Max Plan 5G+'. The card is white with rounded corners and is set against a light gray background with a subtle pattern of dots. At the top, the title 'Free Max Plan' is in bold black text, with 'Max' in red. To the right, '5G+' is written in bold black text. Below the title, a red pill-shaped button contains the text '+140 destinations'. The card lists several benefits: 'Unlimited 5G/5G+ data in Metropolitan France' (with a signal icon), 'Unlimited calls in Metropolitan France and to mobiles in Europe, Switzerland, Andorra, the United States, Canada, China and Overseas France, and to fixed lines in 100 destinations.' (with a phone icon), 'Unlimited SMS/MMS in Metropolitan France and to Europe, Switzerland, Andorra and Overseas France' (with a speech bubble icon), and 'Unlimited 5G or 4G data abroad in 140+ destinations, including Europe, Overseas France, Switzerland, the United States, Canada, Morocco, Algeria, Tunisia, China, Japan, Thailand and Brazil.' (with an airplane icon). Below these, a section titled 'SERVICES INCLUDED' lists: 'Smart Watch eSIM add-on' (with a smartwatch icon), 'Free mVPN' (with a shield icon), and 'Free TV+ app' (with a TV icon). At the bottom left, the price '€19.99/month' is displayed in large red text. To the right of the price, it says 'for Freebox subscribers' and 'No contract'.
