PRESS RELEASE

Paris, July 23, 2024

Free has once again enriched its 5G Free Mobile Plan by adding six new roaming destinations

For the third time this year, Free is enriching its 5G Free Mobile Plan without any change in price.

As of today, **six new destinations have been added to the 35GB/month**[(1)] roaming allowance of 4G or 5G data, depending on the destination, at no extra cost:

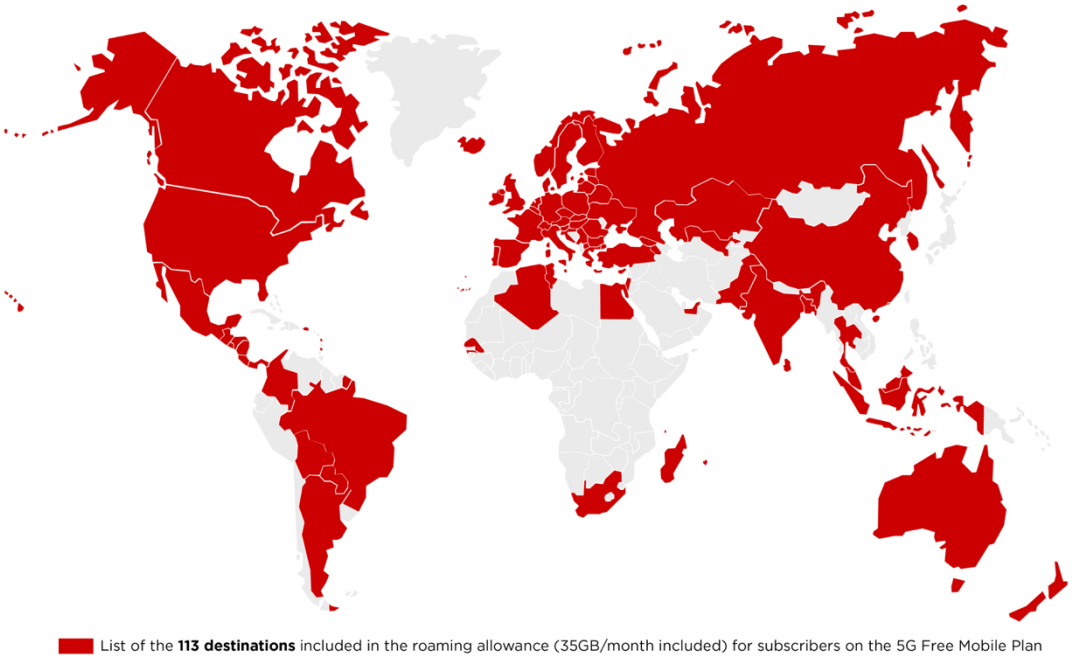

- **Indonesia**
- **Egypt**
- **Hong Kong**
- **South Korea**
- **Macao**
- **Paraguay**

So **more than 110 destinations are now included** in the 35GB/month allowance of 4G or 5G roaming.

Out of all the operators in France, **Free's plan is the most generous in terms of the**

number of roaming destinations, and it's still at the same price (€9.99/month for Freebox Pop subscribers, €9.99/month for one year and then €15.99/month for Freebox Ultra subscribers, €15.99/month for other Freebox subscribers, and €19.99/month for non-Freebox subscribers).

The new destinations are automatically available to all subscribers on the 5G Free Mobile Plan – both new and existing – as of today, at no extra cost.

List of the **113 destinations** included in the roaming allowance (35GB/month included) for subscribers on the 5G Free Mobile Plan

In March this year Free already increased the number of roaming destinations included in the 5G Free Mobile Plan, and in May it boosted the Plan's data allowance usable in Metropolitan France, from **250GB to 300GB.**
