About Free

Free is the inventor of the Freebox, the first multiservice box on ADSL. Free is behind numerous innovations in the broadband access segment (VoIP, IPTV, flat-rate calling plans to multiple destinations, etc.). Free provides straightforward and innovative offerings at the best prices. At the end of 2010, Free introduced the Freebox Revolution, the 6th generation of Freebox units that notably includes an NAS and a Blu-Ray[®] drive. Free was the first operator to include calls from landlines to mobile phones in its offerings and also calls to French overseas departments (DOM).

Since January 2012, Free has brought mobile phone usage within everyone's reach with straightforward, no-commitment offerings at very attractive prices. Free has over 5.5 million broadband subscribers and more than 7.4 million mobile subscribers (as at September 30, 2013).

Unlimited SMS and MMS messages excluding special, premium-rate and short numbers.

Prices as at December 10, 2013. Offer subject to conditions (see mobile.free.fr) and valid exclusively in Metropolitan France subject to network coverage and the use of a compatible mobile phone. SIM card free of charge subject to the following conditions: (i) on-line subscription to the €2 Plan with number portability, and (ii) activation of the SIM card within 15 days of its dispatch date. In other cases a charge of €10 applies. €0/month offer only for Freebox subscribers, for a maximum of one mobile subscription per household. Any Freebox subscriber who cancels their Freebox subscription will no longer be eligible for this €0/month offer. BlackBerry[™] option available for €1/month. Communications excluding special, premium-rate and short numbers and premium rate SMS/MMS services. 50MB data volume per month (then €0.05 per additional MB). Unused MB's cannot be carried over to the next month. For subscribers who have selected the data option, this option will be replaced by the new offering and as from their next billing month will no longer be invoiced. Access to FreeWifi in Metropolitan France, subject to use of an EAP-SIM compatible phone. French overseas departments (DOM): Guadeloupe, French Guiana, Martinique, Mayotte and Reunion Island. List of international and French overseas department landline destinations included in the 2 hours of calls: Aland Islands, Alaska, Andorra, Argentina, Australia, Austria, Azores, Bahamas, Bahrain, Balearic Islands, Belgium, Bermuda, Brazil, Brunei, Bulgaria, Canada, Canary Islands, Cayman Islands, Chile, China, Colombia, Corfu, Costa Rica, Crete, Croatia, Cyclades, Cyprus, Czech Republic, Denmark, Easter Island, England, Estonia, Faroe Islands, Finland, French Guiana, Germany, Gibraltar, Greece, Guadeloupe, Guam, Guernsey, Hawaii, Hong Kong, Hungary, Iceland, India, Isle of Man, Israel, Italy, Japan, Jersey, Jordan, Latvia, Liechtenstein, Lithuania, Luxembourg, Macao, Madeira, Malaysia, Malta, Martinique, Mayotte, Monaco, Netherlands, New Zealand, Northern Ireland, Northern Mariana Islands, Norway, Panama, Paraguay, Peru, Poland, Portugal, Puerto Rico, Republic of Ireland, Reunion Island, Romania, Russia, Saint Barthelemy, Saint Martin, San Marino, Sardinia, Scotland, Sicily, Singapore, Slovak Republic, Slovenia, South Africa, South Korea, Spain, Sweden, Switzerland, Taiwan, Thailand, Trinidad and Tobago, United States, Vatican City, Venezuela, U.S. Virgin Islands and Wales. Out-of-plan calls (in excess of the 2-hour included call time): €0.05/mn for calls to Metropolitan France (excluding special, premium-rate and short numbers); for calls to the international and French overseas department landline destinations listed above see Free's tariff guide. Destinations not included in the mobile plans are available as an optional service and billed based on Free's tariff guide. Service accessible via 3G on the Free Mobile network in the 900 MHz and 2100 MHz frequency bands, via 2G/3G roaming on all or part of the partner incumbent operator's network, and via 4G on the Free Mobile network in the 2600 MHz frequency band. The 4G service is subject to the use of a compatible phone and to coverage by the Free Mobile 4G network. 4G network rollout in progress. See mobile.free.fr for 4G-compatible phones. Maximum theoretical download speed with compatible equipment: up to 150 Mbps in areas with 4G coverage (in accordance with the French Governmental Order dated January 15, 2010). Actual speeds vary depending on factors such as the number of users connected up to the network at the same time, the user's location and the equipment used. The service may be affected by obstacles to the signal (high buildings, hills/mountains, etc.). Outdoor coverage.
