## Free launches the fastest-ever 4G+ Box

Free has brought out a new 4G+ Box which provides easy ultra-fast Internet access for subscribers whose wired connection is not fast enough but who receive 4G+.

*free* | **4G+ BOX**

**€29.99** /month

No commitment.  
Money-back guarantee.

Free's new plan is designed for people in non-fiber areas where landline Internet speeds are slow but the 4G+ service is good. It's a clear and straightforward plan, with the **Free price tag of €29.99/month**.

### Ultra-fast speeds with AC 1300 WiFi

The combination of Free's 4G+ network and the AC 1300 WiFi integrated in the Box gives subscribers ultra-fast speeds of up to 320 Mbps for connecting their devices. Which makes it the fastest-ever 4G+ Box.

The new Box receives the signal from **Free's 4G/4G+ network** which offers ultra-fast speeds. **Free's 4G network covers over 93% of the French population**. Free is continuing to **extend its network across France**, notably by deploying 700 MHz frequencies, so as to offer the fastest speeds to as many people as possible.

## A Plug and Play Box

It couldn't be easier to access the speeds offered by Free's 4G+ Box. All you need to do is plug the Box into a power socket and then connect it up to your devices either by WiFi or Ethernet (smartphones, tablets, games consoles, etc.).

And there's no wait to get going because the SIM card is pre-activated and the Internet connection is immediate.

## Multi-connected

With Free's 4G+ Box, the whole family can connect up at the same time and browse at their leisure. Up to 64 devices (tablets, smartphones, computers, etc.) can be connected simultaneously.

The Free 4G+ Box plan includes 250 GB of data a month, so that's a lot of content (web, photos, music, videos and so on) to get through!

## A huge library of over 30,000 digital books included

4G+ Box subscribers will have unlimited access to Youboox One until January 31, 2020. This 100% book and comic offering marketed by Youboox, France's leader in book streaming services, is available on smartphone, tablet or computer.

## Money-back guarantee

The 4G+ Box plan is available right away on [mobile.free.fr](http://mobile.free.fr). The 4G+ Box is provided to subscribers for the duration of their subscription and will be delivered by UPS. It is a no-commitment plan and there are no rental charges. There is also a 30-day money-back guarantee.

## About Free

Free - an Iliad Group subsidiary - is the inventor of the Freebox, the first multiservice box on ADSL. Free is behind numerous innovations in the Broadband and Ultra-Fast Broadband access segment. Since January 2012, Free has brought mobile phone usage within everyone's reach with straightforward offerings at very attractive prices. As at June 30, 2019, Free had nearly 20 million subscribers in France (6.4 million Broadband and Ultra-Fast Broadband subscribers and 13.3 million mobile subscribers). On May 29, 2018, the Group launched its mobile network in Italy under the Iliad brand, becoming the country's fourth operator, and had over 3.8 million subscribers at June 30, 2019.
